PAYMENT PROCESSING

guestserve

ABOUT US

GuestServe Inc is a tech company providing licensed web-based services to the hospitality industry since 2002.

WHAT IS PAYMENT PROCESSING?

"

easy and secure

Take real-time payments through your website securely.

tokenized processing to keep the "bad guys" from stealing credit card info!

WHAT IS TOKENIZATION?

"

Tokenization is the process of replacing sensitive data with unique identification symbols that retain all the essential information about the data without compromising its security.
